

Sanitize every washer, every load with the SAN-O₃-WASH system

San-O₃-Wash
LIGHTS UP to
show customers
when ozone is
activated

Give your customers added peace of mind and differentiate your laundromat from the competition

The new SAN-O₃-WASH System uses ozone-infused water to provide the **cleanest machines** and the **best wash possible**. SAN-O₃-WASH works by injecting ozone into the water to kill bacteria, viruses and superbugs.
